

Port Bonython Fuels

PORT BONYTHON FUEL TERMINAL PROJECT

Project Information Update #1 - Construction Commencement November 3rd 2014

Whyalla's latest major development

Initial site works are set commence at Port Bonython in the first week of November.

These works will involve the turn off from Port Bonython road into the new site.

At times the Port Bonython road will be limited to single lane movements and reduced speed limits near the site.

In the interests of community safety and the contractors on site, please take particular note of the speed restrictions during this time.

We expect these road works to be completed prior to Christmas, 2014.

If you have any queries please feel free to contact us direct.
